Experience

Social Media Page Manager, VK – Freeride World Tour   05/2015 – 03/2018
Moscow, Russia
- Administrated a growing community on the biggest Russian social network with over 1,500 members
- Wrote/Translated texts from the official Freeride World Tour social media from English to Russian
- Established partnership with leading competitors, making self-promotion benefit both the page and athletes
- Assigned editing duties to assist with timely posts and managing the comment sections, ensuring positive experience for users

Game Server Founder/Owner, MyArena.ru / RedServer   06/2014 – 02/2015
Moscow, Russia
- Led the community to become one of the fastest growing servers in Russia with more than 300 players online daily
- Programed dedicated server on Linux for both game and voice servers
- Created custom server plugins written on Java to enhance the gaming experience
- Generated revenue selling in-game items, paying off the initial cost of renting servers and promotions

Front-end Web Developer, Brandmarket Ltd.   08/2014 – 09/2014
Moscow, Russia
- Built and customized home page for specific customer needs using HTML and CSS
- Provided the company with stable and professional hosting solution

Individual Projects

BookWorm
  Project developed to help people keep their initial thoughts on the books they have read.
- Developed a CRUD web-application using Python's Flask library.
- Successfully integrated OpenLibrary API which allows to search for a specific book from their large collection.
- Used: Python (Flask), jQuery, HTML&CSS, QuillJS (for note taking), PostgreSQL

Extracurricular Activities

IT and Event Planning Committees, Department of Information Systems Club   08/2018 – Present
- Attend weekly meetings to network with peers and professionals to gain technology industry knowledge
- Help brainstorm and plan events with other members of the Event Planning Committee

Volunteer Activities

Community Instruction Program
- Hold one-on-one lessons weekly providing support and guidance to any problems or needs related to computers, mobile devices, and the internet

Feed My Starving Children
- Hand-pack ingredients in teams of 6+ people into bags which are then sealed, boxed, and shipped to the neediest children around the world

Technical Skills
- Java (Experienced), Python (Intermediate), SQL (MS SQL Server, PostgreSQL)
- JavaScript, HTML/CSS
